

# Find your colors.

# Express your best self.

**Colors are powerful! They make you look great and feel fabulous - but only the right ones have this uplifting effect.**

**My Style & Color consultancy will help you choose the colors, shapes and accessories that will make you feel comfortable, glowing, and ready to step in your life.**

## **Benefit from having your color palette:**

Save time as you get right to your best colors

Save money as you buy only the right colors

Look great & feel fabulous

## About the Personal Color Analysis

**Color analysis** is the first step of image consulting. **It find the ideal palette that will enhance your skin-eye-hair combination**, making you appear immediately more beautiful, more fit, and younger. **With the help of drapes that are placed on you**, you can see for yourself that some colors look great on you, but others do not.

## About me

I am an Italian Color and Style Expert in the Seattle area. As an Italian, Style is something I grew up with, it's part of my culture. Style is not about being overwhelmed by passing trends - *and your wallet will thank you*. **Style is about looking appropriate in every situation, wearing colors and shapes that enhance your natural beauty**. As a Colors expert, I am aware that colors come in many varieties. They can make you shine – or not. **I help people discover their natural colors and how to unleash their power.**
